URI Engaging Generations Program: Cyber-Seniors

What is Engaging Generations: Cyber-Seniors Program?

• Members who would like computer instruction will be able to meet with a URI student or High School mentor for a **FREE 45-minute learning session**.
• There will be certain topics each week, and sessions can be tailored to your individual interests, skill level, and computing device preference.

What are the Benefits?

• This unique program is designed to benefit all who participate! Members benefit by increasing computer skills and comfort with technology, while student mentors benefit by gaining valuable skills in teaching and learning, as well as, community service hours.

How are Sessions Scheduled?

• Sessions are held at **participating Senior Centers**, and times are scheduled based upon the availability of student mentors.
• If you have questions, please see back of flyer for senior center contacts.
